

FOR IMMEDIATE RELEASE
MARCH 3, 2009

Members Needed for Bicycle Advisory Committee *Part of Cycling Master Plan*

Medicine Hat – The City of Medicine Hat is proceeding with the development of a comprehensive Cycling Master Plan to guide improvements for cycling citywide. The Plan will provide the framework needed to create a complete on- and off-street cycling network and will make cycling in the City of Medicine Hat a safe, convenient and enjoyable transportation choice

As part of the project, the City plans to set up a Bicycling Advisory Committee (BAC) with about 15 to 20 members from the local cycling community and the general public to provide input into the development of the plan. If more than 20 members are registered a selection process will take place.

Members of the BAC will be required to attend two to three workshops and two public open houses. The workshops will be held on weekday evenings and will last approximately two hours with the first scheduled for March 24th, 2010.

If you wish to participate on the Bicycle Advisory Committee call Chris Coslovich, Cycling Master Plan Project Engineer for Municipal Works at 403.502.8049 or email at chrcos@medicinehat.ca before March 11.
