

Familiar storyline sets up at Tour Championship

DOUG FERGUSON
The Associated Press

ATLANTA
Two years after Henrik Stenson sailed to victory at the Tour Championship, he has another comfortable lead after 36 holes at East Lake and Jordan Spieth is chasing him.

Back then, Spieth was a 20-year-old rookie.

Now he's the Masters and U.S. Open champion, and he found a spark in a steady drizzle Friday.

Stenson overcame a few mistakes off the tee and was solid on the back nine for a 2-under 68, stretching his lead to three shots over Spieth going into the weekend and moving closer to his first win of the year — and a \$10 million bonus for claiming the FedEx Cup.

"I didn't feel like it was my best day, but I managed to keep it together and 2 under around here is never bad," Stenson said.

He doesn't know anything different. This was his sixth straight round under par at East

Lake, a course where the Swede has led after every round he has played.

Stenson, who went wire-to-wire in the Tour Championship in 2013, was at 9-under 131.

Spieth has made only one bogey over two rounds, and a pair of par saves on consecutive holes on the front nine felt just as valuable as his four birdies in a round of 66. The average score was 71.6 on a wet day that yielded only four rounds under par.

Paul Casey made bogey from the bunker on the 18th for a 70 and was four shots behind, while British Open champion Zach Johnson birdied three of his last four holes to overcome a double bogey on the par-5 ninth. He had a 70 and was at 4-under 136.

Jason Day, in his first event as No. 1 in the world, finally looked human. He felt flat, wasn't sharp off the tee or into the greens, and shot a 71. It left him nine shots behind.

FIFA fire reaches Blatter

GRAHAM DUNBAR
The Associated Press

ZURICH
FIFA President Sepp Blatter was placed under criminal investigation by Swiss authorities on Friday as a probe into soccer corruption reached the highest levels and left his grip on the top job in peril.

The Swiss attorney general's office opened proceedings against Blatter for possible criminal mismanagement and misappropriation of FIFA money. Authorities also searched Blatter's office and seized data.

The announcements came as FIFA wrapped up a two-day executive committee meeting and marked another stunning day of turmoil for the governing body and Blatter, who have been targeted by American and Swiss investigations into corruption.

The 79-year-old Blatter is set to step down in February as a result of those probes, but Friday's events made an early exit seem inevitable.

The opening of formal criminal proceedings against Blatter could lead the FIFA ethics committee to provisionally suspend him from duty.

Blatter's U.S.-based lawyer, Richard Cullen, said in a statement his client was co-operating and that "certainly no mismanagement occurred."

The latest allegations also threaten UEFA President Michel Platini, Blatter's onetime protégé and favourite to succeed him in February's election.

Platini was questioned as a witness Friday about taking a "disloyal payment" from Blatter of 2 million Swiss francs (now \$2.04 million) of FIFA money in February 2011.

At the time, Platini was already tipped as a future FIFA leader though unlikely to run against Blatter in that year's presidential election — instead backing the incumbent against Mohamed bin Hammam of Qatar. Blatter was re-elected.

Sepp Blatter

WESTGATE NEIGHBOURHOOD PLAN OPEN HOUSE

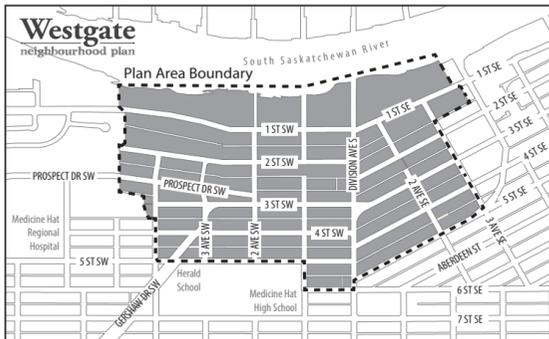

The City of Medicine Hat is in the process of completing a first draft of a Neighbourhood Plan for a portion of the South East and South West Hill (shown in the map below), and we want your feedback!

The Westgate Neighbourhood Plan was initiated by City Council due to redevelopment pressures in the area. The first open house for the Plan was held in March. Based on what was shared, the neighbourhood vision, plan objectives and policies were created. The Plan preserves and enhances the aspects of this neighbourhood that most attendees said they loved, such as tree-lined boulevards, heritage buildings and quiet streets. It also aims to improve the aspects of the neighbourhood that need to be updated, such as transportation and servicing infrastructure. **If you live, work, play or have any general interest in this great neighbourhood, City staff will be at City Hall (580 First Street SE) in the Helen Beny Gibson Lounge (1st Floor) on Thursday October 1st from 3:00pm to 8:00pm.** The open house will feature boards showcasing various portions of the Plan, and the results of a transportation study recently completed in the neighbourhood. Please stop by and share your thoughts on the work we have done!

FIRE HYDRANT & WATER MAIN FLUSHING

Environmental Utilities performs regular maintenance to maintain water quality and system infrastructure by annually testing and flushing fire hydrants and water mains.

During flushing there may be some discoloring of water which is not harmful and will disappear when flushing is complete. Fluctuating pressure may also be noticed. Should discoloration persist beyond three hours, turn on your cold water tap and let the water run for 15-20 minutes. Please note that the flushing in your home will not correct private plumbing/corrosion problems.

Visit medicinehat.ca or contact Environmental Utilities at 403.529.8176 for additional information.

The City of Medicine Hat and you partners in safe drinking water

All Development Permits listed are subject to conditions. Further information on any Development Permit may be obtained from the Planning & Development Services Department, Second Floor, City Hall during normal business hours (Telephone 529-8374).

PROPOSED SUBSTATION MHS-7

The City of Medicine Hat's Electric Utility is proposing a MHS-7 Brier Park substation as part of the City's ongoing transmission system upgrade.

This substation and the proposed adjacent AltaLink substation will enable our Utility to upgrade the connection with the remainder of the province, increasing the security of supply while having minimal impact on area landowners and occupants.

The substation will be constructed on south side of 23rd Street NW and include a 138/69 kV transformer, two 69 kV circuit breakers, and one 138 kV circuit breaker, along with other associated equipment, in an area of about 65 metres by 80 metres, (1.3 acres).

We wish to receive input regarding this matter from area landowners and occupants.

Information session October 7, 2015, 4 to 7pm
Electric Utility Building
2172 Brier Park Place NW.

Upon completion of the stakeholder consultation, the City of Medicine Hat will be applying to the Alberta Utilities Commission for approval to construct and operate the station.
