Introduction

In 2021, we saw evidence of economic recovery after the downturn caused by the COVID-19 pandemic. Building permits reached a five year high with a total of 857 permits issued in 2021, and the construction value of these permits more than doubling from the previous year. Activity increased in all areas including residential, commercial, industrial, and institutional, with the City recording approximately $108M in construction as compared to $48M in the previous year.

The City’s primary growth pattern for residential development (59%) continued to be in the South Residential Sector, and non-residential growth was the strongest in the City Centre (42%).

As part of the ongoing Corporate Initiative to enhance services to our residents and customers, Planning & Development Services implemented Phase 2 of the e-Permitting system, which allows online payment of permits and licensing fees through debit and credit cards.

The myMH Action Plan went live in 2021, which is an accessible way for our stakeholders and the public to see how policies in the myMH Master Plan fit with Council’s Strategic Priorities and where progress is being made on implementation of the plan.

In addition to review and approvals, Planning & Development Services also led and participated in some major projects. Significant achievements included:

• Intermunicipal Collaboration Framework and Work Plan
• Hamptons Area Structure Plan Amendment
• Work on the new Land Use Bylaw began
• Work on the new Offsite Levy Bylaw began

We look forward to continuing to serve our community in 2022 in providing streamlined services and improving the quality of life for our residents through policies, plans and other initiatives.
Permit Trends 2017-2021  (number of all permits issued)

*Includes Home Occupation Permits
Permit Trends 2021 (number of all permits issued - month by month)

*Includes Home Occupation Permits
Construction Values 2021 (all building permits)

- **$108M**
  - TOTAL CONSTRUCTION VALUES (857 building permits)
  - $100,000-$499,999: 12% (103 permits)

Other Planning & Development Statistics 2021

- Business license approvals: 3,823
- Home occupation permits: 210
- Community engagement events: 3
- Customers greeted at counter: 3,594+
- Appeals – Subdivision & Development Appeals Board: 6
- Municipal Planning Commission meetings: 13
- Technical Coordinating Committee circulations: 98
- Decision and information items for Committee and Council: 9
Development Permit (DP) – A permit authorizing development under the provisions of the Land Use Bylaw.
Home Occupation – Use of a dwelling by the occupant for a business, trade or profession.
Intensification Area – An area of a city which encourages higher population densities and higher uses. Urban intensification emphasizes the idea of urban planning that concentrates growth in compact walkable urban environments to minimize sprawl.
Land Use Bylaw (LUB) – A regulatory document required for every municipality in Alberta as per the Municipal Government Act. It includes the division of the municipality into land use districts (zones).
Manufactured Home – A type of prefabricated housing that is largely assembled in factories and then transported to sites of use.
Multi-Family Residence – A building or structure that is designed to house several different families in separate housing units. The most common type of multi-family housing is an apartment building; however, four-plexes, eight-plexes and townhomes also qualify as multi-family housing.
Municipal Historic Resource Designation – The Heritage Resources Committee identifies, recognizes and guides the preservation of heritage resources (buildings, sites, artifacts, trees, etc.) within the City of Medicine Hat. Designation is the process of establishing something as a designated Municipal Historic Resource.
Municipal Planning Commission (MPC) – The Municipal Planning Commission acts as the principal advisory body to City Council in matters relating to land use planning. It exercises development and subdivision powers and duties on behalf of the City in accordance with the Subdivision and Development Authorities Bylaw and carries out any other functions and duties assigned to the Commission by City Council.
Municipal Servicing Standards Manual (MSSM) – A document which indicates detailed requirements for construction of any municipal utility infrastructure, public utility or road within the City of Medicine Hat.
Off-Site Levy (OSL) – A charge established by a municipal Bylaw. The levy is imposed at the time of development and/or subdivision and is contributed by the Developer to cover a portion of the costs of municipal infrastructure facilities (i.e. roads, water, storm and sanitary sewer).
Property Card – A document that displays building permit information for a property.
Residential Addition – A structure attached to a dwelling unit. These types of structures may include, but are not limited to, living room, bedroom, office, game room, etc.
Semi-Detached Residence – One of two dwellings within the same residential building, separated by a firewall, each with a separate utility service, but not attached to any other dwelling or structure (except its own garage).
Single Detached Residence – A single family home not attached to any other dwelling or structure (except its own garage). A mobile home fixed permanently to a foundation is also classified as a single detached house.
Subdivision – The division of a parcel of land into two or more lots.
Subdivision and Development Appeal Board (SDAB) – A Board comprised of City Council representatives and public members who hear subdivision and development appeals and make decisions on those appeals.
Technical Coordinating Committee (TCC) – A committee comprised of City of Medicine Hat staff from various departments. The TCC provides technical review and recommendations on various initiatives, development proposals and plans.

Land Use Districts referenced in this report:
Commercial – A part of the City in which primary land use is commercial (shops, offices, theatres, restaurants).
Industrial – An area of the City zoned and planned for the purpose of industrial development; typically a mix of manufacturing, warehousing and service uses.
Institutional – A part of the City which is reserved for uses which serve the community’s social, educational, health, cultural and recreational needs. This may include government owned and operated facilities or privately owned and operated.
Non-residential – Any area of the City in which housing is not the primary use.
Residential – An area of the City in which housing predominates. This can be low density housing such as suburban homes, townhouses, or apartments.

Notes:
1. New housing developments, detached, semi-detached, duplex, four-plex, and manufactured home placement.
2. Detached accessory buildings, attached accessories, residential additions, and basement suites.
5. The Municipal Government Act states that decisions must be made within 40 days (unless an agreement with the applicant has been made to extend the timeline).
