A qualified professional biologist will administer a licensed pesticide called Rotenone at the Northlands Storm Pond in Viterra Park on Hull Way NE.

The September default electricity rate for Large Commercial, Industrial, and Street Lighting customers is based on the monthly average Alberta Power Pool price as established and published by the Alberta Utilities Commission and the Federal Reserve Board of Governors.

The variable contract offering is based on the AECO (Alberta Energy Cooperative) average market reference price plus $1.50 per GJ. The rate is based on the average of the rates for two-thirds of the month with the lowest rate being used in the calculation. The variable contract offering is expected to be in effect from September 1 to August 31 of the following year.

The September interest rate for the Regulated Rate Option Stability Act through Bill 2: Inflation Relief will be announced by City Council on September 11, 2023, and the rate for September will be released October 3, 2023.

The variable contract offering is based on the AECO (Alberta Energy Cooperative) average market reference price plus $1.00 per GJ. The rate is based on the average of the rates for two-thirds of the month with the lowest rate being used in the calculation. The variable contract offering is expected to be in effect from September 1 to August 31 of the following year.
