Residential Waste Cart Tips

Load it. Dispose of acceptable items only. Please no construction/demolition materials, e-waste, batteries, household hazardous wastes (HHW), animal carcasses, medical sharps or any other harmful or hazardous items in the carts.

Time it. Set each cart out before 7 a.m. on collection day and bring back onto private property within 24 hours of collection.

Park it. Set the cart(s) at the curb/lane with the arrows pointing to the driving lane.

Space it. Remember that if you can comfortably walk around each cart, then you have left enough room for the collection truck to empty the cart(s).

Level it. Carts must be placed on a level surface no more than 150 mm (5 inch) above the road elevation.

Yard waste collection runs from April 8 to November 13, 2024.

Missed Collection

If you believe your cart was missed on your designated collection day, please call 403-529-8176 or email eu@medicinehat.ca the following business day to let us know.
