

# Bylaw 4864

**A BYLAW OF THE CITY OF MEDICINE HAT** to amend Bylaw 2244, the Electric Utility Bylaw.

**WHEREAS** Council considers it advisable to amend certain fees, rates and charges set out in Schedule "A" and Schedule "B" to Bylaw 2244.

**NOW THEREFORE THE MUNICIPAL CORPORATION OF THE CITY OF MEDICINE HAT, IN COUNCIL ASSEMBLED, ENACTS AS FOLLOWS:**

1. Bylaw 2244 is amended as follows:
  - (a) Schedule "A" is repealed and replaced with the new Schedule "A" attached to this Bylaw;  
and
  - (b) Schedule "B" is repealed and replaced with the new Schedule "B" attached to this Bylaw.
2. This Bylaw shall come into force on January 1, 2026.

**READ A FIRST TIME** in open Council on November 17, 2025.

**READ A SECOND TIME** in open Council on \_\_\_\_\_.

**READ A THIRD TIME** in open Council on \_\_\_\_\_.

**SIGNED AND PASSED** on \_\_\_\_\_.

\_\_\_\_\_  
**MAYOR – Linnsie Clark**

\_\_\_\_\_  
**ACTING CITY CLERK – Stephanie Zubrecki**

**SCHEDULE “A” TO BYLAW 2244**

**AS AMENDED BY BYLAW NO. 4864

| <b>Energy Charge</b>               | The Energy Charge shall be a per kWh charge set November 1, 2023, and adjusted quarterly on the first day of January, April, July, and October of each year, that is equal to the Market Reference Price. Market Reference Price is defined as the twelve-month (volume weighted) forecast as per ICE-NGX wholesale market on the first day of the quarter. However, the Market Reference Price will be set no lower than \$0.07/kWh or no higher than \$0.11/kWh. This rate will be in effect for three months and then will be reset using the same methodology.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                   |

| <b>Contract Option</b>             | <p>A Consumer who satisfies the requirements for application of this rate classification may make a written request to the Electric Utility to negotiate a contract for the supply of electrical energy and services.</p> <p>If the City and the Consumer are successful in negotiating a contract, the provisions of this rate classification shall apply during the period of time prior to the effective date of the contract and the terms and conditions of the contract shall apply as of the effective date of the contract. If the City and the Consumer do not reach agreement on a contract, the provisions of this rate classification shall continue to apply as long as the Consumer satisfies the requirements for application of this rate classification.</p> <p>Contracts within the approved contract option framework for the supply of electrical energy and services may be approved by the Chief Administrative Officer and shall be signed by the City's authorized signing officers.</p> <p>Upon expiration or termination of a contract entered into pursuant to this contract option, the Consumer shall be bound by the provisions of this rate classification. If at any time a Consumer who has entered into a contract ceases to satisfy the requirements for application of this rate classification, the contract may be terminated by the City, and upon termination of the contract the Consumer shall be bound by the provisions of the rate classification that is applicable under this Schedule.</p> |                   |
| <b>Application</b>                 | <p>This rate classification applies to all Consumers within the corporate boundaries of the City of Medicine Hat who meet the criteria specified above. For clarity, the rates will remain in effect until amended or repealed.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                   |

| <b>Contract Option</b>             | <p>A Consumer who satisfies the requirements for application of this rate classification may make a written request to the Electric Utility to negotiate a contract for the supply of electrical energy and services.</p> <p>If the City and the Consumer are successful in negotiating a contract, the provisions of this rate classification shall apply during the period of time prior to the effective date of the contract and the terms and conditions of the contract shall apply as of the effective date of the contract. If the City and the Consumer do not reach agreement on a contract, the provisions of this rate classification shall continue to apply as long as the Consumer satisfies the requirements for application of this rate classification.</p> <p>Contracts within the approved contract option framework for the supply of electrical energy and services may be approved by the Chief Administrative Officer and shall be signed by the City's authorized signing officers.</p> <p>Upon expiration or termination of a contract entered into pursuant to this contract option, the Consumer shall be bound by the provisions of this rate classification. If at any time a Consumer who has entered into a contract ceases to satisfy the requirements for application of this rate classification, the contract may be terminated by the City, and upon termination of the contract the Consumer shall be bound by the provisions of the rate classification that is applicable under this Schedule.</p> |                  |
| <b>Application</b>                 | <p>Charges for service in any billing period are based on the sum of the total energy consumed by all municipal lighting structures.</p> <p>This rate classification applies to all Consumers within the corporate boundaries of the City of Medicine Hat who meet the criteria specified above. For clarity, the rates will remain in effect until amended or repealed.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                  |

| <b>Energy Charge</b>                                                                                                                                                                                         | The Energy Charge shall be a per kWh charge set November 1, 2023, and adjusted quarterly on the first day of January, April, July, and October of each year, that is equal to the Market Reference Price. Market Reference Price is defined as the twelve-month (volume weighted) forecast as per ICE-NGX wholesale market on the first day of the quarter. However, the Market Reference Price will be set no lower than \$0.07/kWh or no higher than \$0.11/kWh. This rate will be in effect for three months and then will be reset using the same methodology. |                   |

| <b>Energy Charge</b>               | The Energy Charge shall be a per kWh charge set November 1, 2023, and adjusted quarterly on the first day of January, April, July, and October of each year, that is equal to the Market Reference Price. Market Reference Price is defined as the twelve-month (volume weighted) forecast as per ICE-NGX wholesale market on the first day of the quarter. However, the Market Reference Price will be set no lower than \$0.07/kWh or no higher than \$0.11/kWh. This rate will be in effect for three months and then will be reset using the same methodology. |                   |

| <b>Availability</b>                | This classification is limited to commercial and other non-residential Consumers satisfying the conditions set out below.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                  |
| <b>Conditions</b>                  | <p>(a) Single phase three-wire or three phase four-wire installations<br/> (b) Voltage (single phase): 120/240 Volts or 120/208 Volts<br/> (c) Voltage (three phase): 120/208 Volts, 277/480 Volts, or 347/600 Volts</p> <p>This rate applies to Consumers that:</p> <p>(i) have consumed in excess of 5,000 kWh in a monthly billing cycle, or<br/> (ii) have had at any time a demand in excess of 25 kVA but no greater than 2,000 kVA at the billing meter.</p> <p>If an N.3.3 Medium Commercial Consumer experiences a period of twelve consecutive months during which</p> <p>(a) consumption does not exceed 5,000 kWh per monthly billing cycle, and<br/> (b) demand does not exceed 25 kVA,</p> <p>the Electric Utility may reclassify the Consumer to the N.3.1 Small Commercial classification. If an N.3.3 Medium Commercial Consumer experiences a demand in excess of 2,000 kVA, the Consumer shall be required to switch to the applicable Primary classification (N.4.1 or N.5.1) and install all necessary equipment at its expense.</p> <p>The service capacity will not exceed 2,000 amps at 120/208 Volts, 277/480 Volts, or 347/600 Volts.</p> <p>The City may at any time install a demand meter approved under the <i>Electricity and Gas Inspection Act</i> R.S.C. 1985 Chapter E-4.</p> <p>The City may install a single phase or three phase service depending upon the anticipated load demand. Any request for three phase service which the Manager deems not to be warranted on the basis of anticipated demand for electrical energy will be refused unless the Consumer pays in advance to the City a sum of money equal to the cost of installing a three phase service including all transformation costs.</p> |                  |
| <b>Application</b>                 | This rate classification applies to all Consumers outside the corporate boundaries of the City of Medicine Hat who meet the criteria specified above. For clarity, the rates will remain in effect until amended or repealed.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                  |
| <b>Administration</b>              | Administration Charge:                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | \$0.6724 per day |

| <b>Energy Charge</b>               | The Energy Charge shall be a per kWh charge set November 1, 2023, and adjusted quarterly on the first day of January, April, July, and October of each year, that is equal to the Market Reference Price. Market Reference Price is defined as the twelve-month (volume weighted) forecast as per ICE-NGX wholesale market on the first day of the quarter. However, the Market Reference Price will be set no lower than \$0.07/kWh or no higher than \$0.11/kWh. This rate will be in effect for three months and then will be reset using the same methodology.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                  |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Availability</b>    | This classification is limited to primary Consumers who use the Electric Utility's standard three-phase service at 13,800 volts for manufacturing purposes and who have a demand greater than 1,000 kVA measured at the billing meter.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Conditions</b>      | <p>All metering equipment, transformers, switching equipment, cable, and cable terminations on the Consumer's property ("the equipment") shall be supplied and installed by the Consumer at no cost to the Electric Utility. The equipment shall comply with Electric Utility Standards. The Consumer shall retain ownership of the equipment and shall be responsible for its ongoing maintenance, repair, and replacement.</p> <p>Upon written application to the Electric Utility, the Manager may approve the application of this rate classification to Consumers that have a demand less than 1,000 kVA.</p> <p>Minimum Service Capacity: 1,000 kVA      Voltage: 13,800 Volts</p> <p>If an N.51 Large Commercial – Primary Consumer experiences a period of twelve consecutive months during which demand does not exceed 1,000 kVA, the Electric Utility may reclassify the Consumer to the N.3.3 Medium Commercial classification</p> |
| <b>Contract Option</b> | <p>A Consumer who satisfies the requirements for application of this rate classification may make a written request to the Electric Utility to negotiate a contract for the supply of electrical energy and services.</p> <p>If the City and the Consumer are successful in negotiating a contract, the provisions of this rate classification shall apply during the period of time prior to the effective date of the contract and the terms and conditions of the contract shall apply as of the effective date of the contract. If the City and the Consumer do not reach agreement on a contract, the provisions of this rate classification shall continue to apply as long as the Consumer satisfies the requirements for application of this rate classification.</p>                                                                                                                                                                  |

| <b>Energy Charge</b>               | The Energy Charge shall be a per kWh charge set November 1, 2023, and adjusted quarterly on the first day of January, April, July, and October of each year, that is equal to the Market Reference Price. Market Reference Price is defined as the twelve-month (volume weighted) forecast as per ICE-NGX wholesale market on the first day of the quarter. However, the Market Reference Price will be set no lower than \$0.07/kWh or no higher than \$0.11/kWh. This rate will be in effect for three months and then will be reset using the same methodology. |                   |
| <b>Capacity Charge</b>             | All kWhrs                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | \$0.02859 per kWh |
| <b>Minimum Charge</b>              | Minimum monthly billing is the Service Charge and any Surcharge.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                   |

| <b>Contract Option</b>             | <p>A Consumer who satisfies the requirements for application of this rate classification may make a written request to the Electric Utility to negotiate a contract for the supply of electrical energy and services.</p> <p>If the City and the Consumer are successful in negotiating a contract, the provisions of this rate classification shall apply during the period of time prior to the effective date of the contract and the terms and conditions of the contract shall apply as of the effective date of the contract. If the City and the Consumer do not reach agreement on a contract, the provisions of this rate classification shall continue to apply as long as the Consumer satisfies the requirements for application of this rate classification.</p> <p>Contracts within the approved contract option framework for the supply of electrical energy and services may be approved by the Chief Administrative Officer and shall be signed by the City's authorized signing officers.</p> <p>Upon expiration or termination of a contract entered into pursuant to this contract option, the Consumer shall be bound by the provisions of this rate classification. If at any time a Consumer who has entered into a contract ceases to satisfy the requirements for application of this rate classification, the contract may be terminated by the City, and upon termination of the contract the Consumer shall be bound by the provisions of the rate classification that is applicable under this Schedule.</p> |                  |
| <b>Application</b>                 | <p>Charges for service in any billing period are based on the sum of the total energy consumed by all municipal lighting structures.</p> <p>This rate classification applies to all Consumers outside the corporate boundaries of the City of Medicine Hat who meet the criteria specified above. For clarity, the rates will remain in effect until amended or repealed.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                  |
