Treasurer's Report

Treasurer's Report

For the year ending December 31, 2014

INTRODUCTION

I am pleased to submit the City of Medicine Hat Consolidated Financial Statements for the fiscal year ended December 31, 2014. KPMG LLP has audited these financial statements and provided an unqualified audit opinion in their report dated April 20, 2015.

The City provides multiple services to the residents and surrounding area. At a municipal level it provides:

- Protection to its citizens (Fire, Police and Bylaw Services, 9-1-1 Communications, Social and Family Services),
- Recreation and culture activities (Parks and Culture Departments),
- Road, bridge, sidewalk and trail maintenance (Municipal Works and Parks),
- City planning and development (Planning, Building & Development),
- Water, sewer and solid waste management (Environmental Utilities).

The City also operates enterprise business units offering the following services:

- Land and property development,
- Natural gas exploration, production and distribution services (Gas Utility),
- Electric generation and distribution (Electric Utility).

The financial statements bring together the financial results of these activities. In doing so, the City is responsible for both accuracy of the data and completeness and fairness of the presentation, including all disclosures. This report provides users with an overview of the City of Medicine Hat's financial performance.

The purpose of the Financial Report is to present the users and readers with clear insight of the financial results for the City for the fiscal year ended December 31, 2014. Administration strives to ensure that this report presents fairly the financial position of this City. The report compares how financial resources were used against budgets and past financial performance. This report is divided into seven sections:

- Introduction Provides an overview of the Treasurer's Report.
- Canadian GFOA Award for Financial Reporting.
- Risk Management Discussion of Risks and Risk Management Strategies.
- Management Reporting and Control Provides an explanation of the planning, budgeting, accounting, auditing and reporting process.
- **Financial Highlights** Presents a review of the City of Medicine Hat's financial activities and position for the fiscal year ended December 31, 2014. The analysis is supplementary information to the financial statements and therefore, should be read in conjunction with the consolidated financial statements, accompanying notes and supporting schedules.
- Financial Statements Presents the consolidated financial statements, supporting statements, notes and schedules. These statements and schedules contain comparative results for two prior years, current year results and the approved budget for the operating and capital accounts.
- Financial and Statistical Schedules (unaudited) - Presents a variety of statistical and financial information on a multi-year comparative basis.

CANADIAN GFOA AWARD FOR FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Canadian Award for Financial Reporting to the City of Medicine Hat for its Annual Financial Report for the fiscal year ended December 31, 2013, the twelfth year in a row. The Canadian Award for Financial Reporting program was established to encourage municipal governments throughout Canada to publish high quality financial reports and to provide peer recognition and technical guidance for officials preparing these reports.

In order to be awarded a Canadian Award for Financial Reporting, a government entity must publish an easily readable and efficiently organized annual financial report with contents conforming to program standards. Such reports should go beyond the minimum requirements of generally accepted accounting principles and demonstrate an effort to clearly communicate the municipal government's financial picture, enhance an understanding of financial reporting by municipal governments and address user needs.

This section of the report deals with the City's exposure to risk and uncertainty to enable the reader to make informed judgments about the implications of these risks on the City's financial position.

(a) Operational Risk Management

The City's operations are insured under a conventional municipal insurance program, which includes Property, Boiler and Machinery, Liability, Automobile and Oil and Gas Multi-Energy. The insurance program includes a self-retention component for those losses within the various deductible levels.

(b) Public Safety

Medicine Hat Police Service continues to keep pace with community growth and the demand for services from residents. The use of technology, equipment and continued training and development of Police Service personnel ensures public and officer safety.

Fire Services provides life and property protection to the community through rapid response to fire or rescue emergencies, and natural or man-made disasters. They provide community inspections, education and safety programs and preplanning for disasters and emergencies. Fire Services monitors growth patterns and recommend changes and improvements that will provide efficient and effective protection to meet City Council's established response guidelines to all areas of the city.

The City operates a 9-1-1 Communications Centre, serving as a single point of contact for allocation of emergency and essential services to the residents of Medicine Hat and area. 9-1-1 serves a regional population of approximately 100,000 residents with immediate contact capability for language interpreters, poison control, disaster services, chemical spill information and call trace. The aim is to maintain a level of service that meets or exceeds industry standards with respect to call answer times and protocol compliance. In 2007, the 9-1-1 Communications Centre became the first Tri-Accredited (Fire, Police and Medical) center of excellence in the world, and today remains Accredited in Fire and Police dispatch, with the consolidation of medical dispatch to Calgary.

FOR THE YEAR ENDED DECEMBER 31, 2014

(c) Treasury Management

City funds are invested in accordance with Investment Policy #0110. The goal of this Policy is to ensure that the investment of City funds is made in a manner which will provide the highest investment return with the maximum security, while meeting the daily cash flow demands of the City, as well as conforming to all provincial statutes and regulations governing the investment of municipal funds. Investment performance is benchmarked against the DEX (formerly ScotiaMcLeod) Universe Bond Index with an overall objective of sustaining a yield that exceeds 80 per cent of the index. The Treasury team meets to review the investment portfolio and quarterly activity. A Treasury Report, complete with performance indicators, is compiled quarterly and distributed to the Audit Committee and City Council.

In addition, internal control procedures are designed to ensure that the daily handling of cash is managed securely. Finally, each member of the Treasury team must sign a disclosure statement to ensure their personal business activities do not conflict with the investment activities of the City.

(d) Environmental

The Planning, Building & Development Department provides corporate support and ensures regulatory compliance with regard to environmental matters. The Department completes the regulatory activities including the administration of the environmental management policy, supports the operating departments in completing their due diligence with respect to environmental activities and provides current information on evolving and emerging environmental regulatory requirements. One of the goals is to keep City Council informed of the City's progress in striving for continual improvement in management systems and communication focusing on both compliance and proactive excellence in matters of environmental stewardship.

MANAGEMENT REPORTING AND CONTROL

The following section deals with the planning, reporting and audit process.

(a) Strategic Planning and Budgeting

City Council develops a Strategic Plan highlighting priorities, strategies and goals for the planning period. Based on the direction set out by the Strategic Plan, three-year departmental Business Plans are prepared. These Business Plans communicate each department's alignment with the Strategic Plan and identify:

- The core activities of the department and the aim of each activity.
- Departmental customers.
- Opportunities, trends and challenges faced by the department.
- Goals and objectives to be achieved by the department.

Budget guidelines and high level financial projections are developed. Based on these guidelines and departmental Business Plans, departments develop their budget requests. City Council has approved the adoption of a three year operating budget with a two year projection and a three year capital budget with a seven year projection.

The Administrative Committee reviews departmental budgets and when satisfied that budgets are aligned with the Business Plans, the budget recommendation is presented for City Council approval.

Medicine Hat's Operating Budget lays out the revenues and expenses for the planning periods that will be required to deliver City services.

FOR THE YEAR ENDED DECEMBER 31, 2014

A ten-year Capital Improvement Plan is developed for all departments. The Capital Improvement Plans identify proposed capital project expenditures and their sources of financing.

For the 2012 - 2014 budget period the City employed a capital ranking process for the tax supported departments. This process is intended to ensure that capital funding is allocated to the projects that will provide the highest value to the municipality.

(b) Accounting

The City of Medicine Hat manages the accounting function in five divisions: Corporate Services, Public Services, Development and Infrastructure, Police, and Energy Division. Each division is responsible for managing the delivery of services in accordance with the resources allocated. All divisions share a common accounting and reporting system, and financial and accounting services are administered under the direction of the Commissioner of Corporate Services and delivered to each division based on its requirements.

(c) Auditing

The "Municipal Government Act" requires municipal Councils to appoint an independent auditor. In 2010, Medicine Hat City Council appointed KPMG LLP as its external auditor, with the option of renewing for an additional four years (through to 2014). City Council approved KPMG's re-appoint for the 2014 audit.

The role of the external auditor is to present an independent opinion on the fair presentation of the City's financial position and operating results as contained in the Financial Report, and to express an opinion that the financial statements are free from any material misstatements. The auditor advises management and the Audit Committee of any control or operational matters that may have been identified during the audit procedure.

The Audit Committee, comprised of three members of City Council, is a Standing Committee of City Council. The Audit Committee is responsible for recommending the appointment of the independent auditor, reviewing the terms of the engagement and overseeing management's responsibilities for financial reporting. The Audit Committee meets with management and the independent auditors to discuss the scope and timing of the audit, to review the auditor's findings and to ensure that management is carrying out its responsibilities.

Financial progress throughout the year is reported to the Audit Committee on a quarterly basis. These progress updates examine financial performance relative to approved budgets and forecast updates.

FINANCIAL HIGHLIGHTS

Financial Trend Summary 2014

The financial data below provides an overview of key financial information over the past three years. Readers should read this report in conjunction with the accompanying Consolidated Financial Statements and Note Disclosures located on the City's website at http://www.medicinehat.ca/index.aspx?page=929.

The City has endured a series of floods in 2010, 2011, 2013 and 2014. As a consequence City expenses have increased due to the recovery from these disasters. Fortunately, much, but not all, of the recovery costs have been offset by Disaster Recovery Programs as well as insurance proceeds.

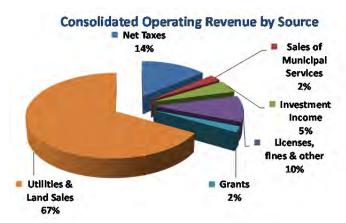

The Public Sector Accounting Standards (PSAS) is silent on the treatment of resource properties. In order to better reflect the operations of the oil and gas properties and to provide more financial transparency, the City uses International Financial Reporting Standards (IFRS) to account for its oil and gas assets.

| Subtotal | 32,176 | - | 32,17 | 76 |
| Total | \$ 435,303 | \$ 404,856 | \$ 30,44 | 47 |

Revenue

Revenue before capital contributions and grants was \$403.1 million versus budget of \$386.4 million. This variance was due to other revenues being higher than budget by \$18.1 million as a result of increased electric ancillary sales due to higher market prices; higher investment income due to larger cash reserve balances; higher insurance income due to flood claims; and higher charitable gifts. This was offset by lower revenues in sale of services of \$1.6 million mainly due to gas and electric revenues being lower as a result of lower volumes than budget.

2014 revenues were lower than 2013 actual revenues mainly due to receiving a settlement of a claim on a power purchase agreement in 2013.

Expenses

Overall the City operating expenses for the year were \$33.1 million higher than budget mainly due to an asset impairment being recognized. Less optimistic forecasts for natural gas and oil prices and higher than expected well abandonment and reclamation costs have resulted in an impairment being recognized for some of the City's natural gas and oil assets.

Overall actual 2014 expenses are lower than 2013 actual expenses by \$20.7 million mainly due to a lower impairment recognized in 2014.

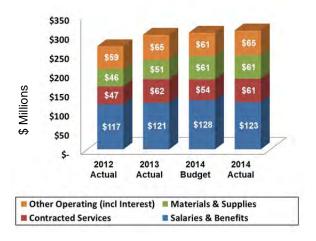

FOR THE YEAR ENDED DECEMBER 31, 2014

Expenses by Type

The Consolidated Expenses by Object Schedule details 2014 actual (\$404.9 million) and budgeted (\$371.8 million) expenses by type. The chart to the right excludes amortization, impairments, and disposal expenses. Other operating expenses are higher mainly due to increased abandonment costs, higher contracted services due to costs from the recent flood event and lower salaries and benefits due to staff vacancies.

The 2014 actual expenses by type are higher than 2013 in materials and supplies and salaries and benefits mainly due to inflation.

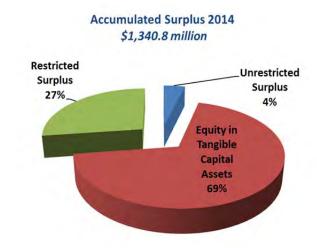

2014 Capital

Capital expenditures were \$160.1 million plus contributions from developers of \$1.2 million. While the City's approved 2014 budget for capital was \$124.7 million, the current expenditures include \$126.0 million for projects carried forward from previous budget years.

The 2014 capital expenditures were funded by grants received from the Province of Alberta and the Federal Government of Canada, as well as reserves, operating funds, debenture borrowing, third party contributions and internal loans.

Accumulated Surplus

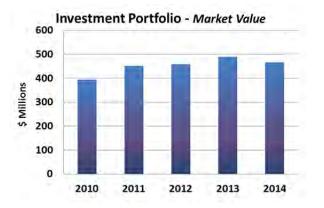

The accumulated surplus on the consolidated Statement of Operations represents the total change in all fund and equity balances for the City of Medicine Hat. During 2014 the consolidated fund and equity balances increased by \$30.4 million to \$1,340.8 million.

\$53.2 million of the accumulated surplus is unrestricted. This is used as working capital to fund day to day operating activities of the City. \$364.4 million is restricted and is largely dedicated to capital activities of the organization.

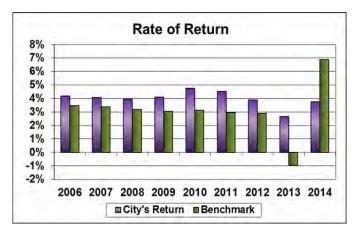

Equity in the City's tangible capital assets increased by \$49.0 million to \$923.2 million this year as a result of an increase in City assets, offset by accumulated amortization and debt.

Investments

Investments, Loans and Advances decreased \$23.5 million from 2013 to \$459.0 million due to decreased cash flow largely as a result of the funds being used for projects such as the event center and family leisure center. Also, funds for the 2014 Disaster Recovery Program were not received as at December 31, 2014.

FOR THE YEAR ENDED DECEMBER 31, 2014

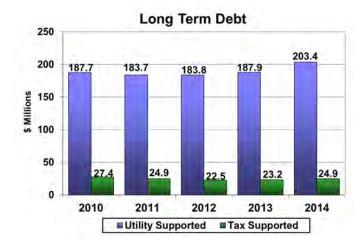

The City of Medicine Hat's investment return for the year ended December 31, 2014 averaged 3.76 per cent underperforming the DEX (formerly ScotiaMcLeod) Universe Bond benchmark index of 6.87 per cent. This is the first time over the last nine years that the City's average portfolio return has underperformed the stated benchmark.

Long-Term Debt

During 2014, total Long Term Debt increased \$17.2 million to \$228.3 million as a result of new borrowings exceeding repayments. Total debt principal repayments were \$21.3 million and new debt was \$38.5 million. \$7.8 million was for improvements to Environmental Utility assets, \$10.7 million was related to Electric's assets, \$0.4 million was for the Gas Utility, and \$2.4 million was for municipal infrastructure.

The Minister of Municipal Affairs has prescribed total debt and debt servicing limits for municipalities in the province. The debt limit is defined as two times revenue net of capital government transfers, and debt servicing limit is not to exceed 35 per cent of revenue. For purposes of these calculations included in the actual debt (long and short term) are loan guarantees in the amount of \$2.6 million.

The City's 2014 debt levels are as follows:

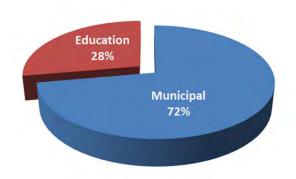

| | 2014 | |
|--|------------------|-------------|
| Total Debt Limit | \$ 847.4 | |
| Loan Guarantees | 2.6 | |
| Actual Total Debt | 228.3 | |
| Amount Under Limit | \$ 616.5 | 73 % |
| | | |
| Debt Servicing Limit Actual Debt Servicing | \$ 148.3 30.5 | |

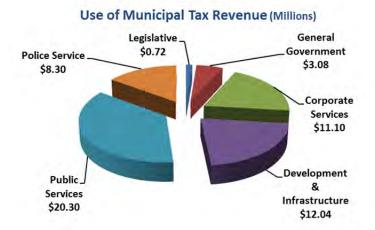

FOR THE YEAR ENDED DECEMBER 31, 2014

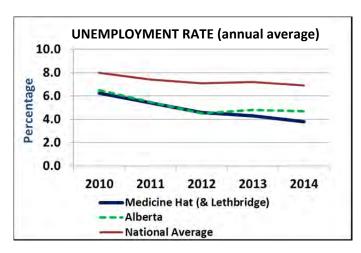

Use of Municipal Tax Revenue (in thousands of dollars)

Property taxes contributed \$55.5 million (39.3%) of the consolidated General Fund operating expenses of \$141.3 million. Other revenue sources mainly include investment interest, sales, government grants, fees and permits.

Where our property tax dollars went in 2014.

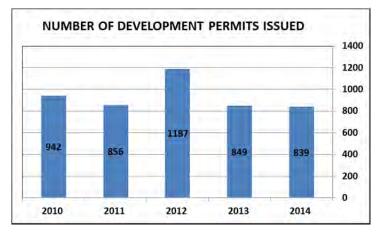

Economic Indicators

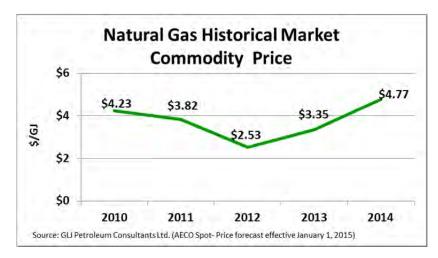

The unemployment rate in Medicine Hat at the end of 2014 was 2.7%, while the 2014 average was 4.0%. The average Alberta unemployment for 2014 was 4.7% compared to 6.9% for Canada.

Number of Development Permits Issued

The number of development permits decreased in 2013 and 2014. The primary reason for this drop was the adoption of the new 2013 Land Use Bylaw (LUB). Under the new LUB permits are not required for many minor developments or they can be included in a larger permit. As a result, the new LUB and its simplified permitting system resulted in fewer permits issued.

FOR THE YEAR ENDED DECEMBER 31, 2014

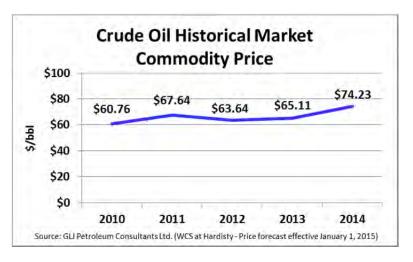

Gas

The increase in the natural gas price in 2014 was mainly due to storage deficits throughout the year. Prices started to drop near the end of the year due to higher than anticipated production in the United States. 2014 gas production for the City of Medicine Hat was 18,164,746 cubic feet.

Oil

During the first half of 2014, oil prices increased due to geopolitical issues throughout the Middle East decreasing and further threatening production. This led to uncertainty in supply despite the increased production in North America. During the second half of 2014, oil prices started to decline due to oversupply and decreased demand. 2014 oil production for the City of Medicine Hat was 405,513 barrels.

Financial Statements

RESPONSIBILITY FOR FINANCIAL REPORTING MANAGEMENT'S REPORT

The integrity, relevance and comparability of the data in the accompanying consolidated financial statements are the responsibility of Management.

The consolidated financial statements are prepared by management in accordance with Canadian generally accepted accounting principles established by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants. They necessarily include some amounts that are based on the best estimates and judgments of Management. Financial data elsewhere in the report is consistent with that in the financial statements.

Management has developed and maintains an extensive system of internal controls that provide reasonable assurance that all transactions are appropriately authorized, that assets are properly accounted for and safeguarded, that all transactions are accurately recorded and that financial records are reliable for preparation of financial statements. As well, it is the policy of the City to maintain the highest standard of ethics in all its activities.

City Council, through its Audit Committee, comprised of three aldermen, oversees management's responsibilities for financial reporting. The Audit Committee meets regularly with management and independent auditors to discuss auditing and reporting on financial matters and to assure that management is carrying out its responsibilities. The auditors have full and free access to the Audit Committee and management.

Independent Auditors' Report

To His Worship the Mayor and Members of Council of the City of Medicine Hat

We have audited the accompanying consolidated financial statements of City of Medicine Hat ("the Entity"), which comprise the consolidated statement of financial position as at December 31, 2014, and the consolidated statements of operations, changes in net financial assets, and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of City of Medicine Hat as at December 31, 2014, and the results of its operations and its cash flows and changes in net financial assets for the year then ended in accordance with Canadian public sector accounting standards.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

The Consolidated Financial Statements of the City of Medicine Hat (the "City") are the representations of management prepared in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant accounting policies adopted by the City of Medicine Hat are as follows:

(A) BASIS OF CONSOLIDATION

The Consolidated Financial Statements reflect the assets, liabilities, revenues and expenses and changes in net financial assets of the reporting entity. This entity, except for government business enterprises which are accounted for by the modified equity basis of accounting, includes all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to City Council for the administration of their financial affairs and resources. They include the following:

1. Municipal Services

Activities associated with the provision of conventional municipal services including General Administrative Services, Corporate Services (Finance, Information and Computer Services, Corporate Asset Management and Land and Properties), Public Services (Fire Services, 9-1-1 Communications, Community Development, Cultural Development, Parks & Recreation), Development & Infrastructure Services (Municipal Works, Planning, Building & Development and Environmental Utilities) and Police Service (Police Service and Bylaw Enforcement).

2. Energy Services

Self-supporting activities which provide Electricity (Generation, Distribution and Retail), Natural Gas (Production, Distribution, and Marketing) and Energy Sustainability (alternative and renewable energy and environmental education and outreach).

Allied Oil & Gas Corp., a wholly-owned subsidiary of the City, is accounted for by using the modified equity basis, consistent with Canadian public sector accounting standards treatment of government business enterprises.

Interdepartmental and organizational transactions and balances are eliminated.

School administration is completely independent of City Council and is subject to control by the Provincial Government pursuant to the provisions of the *School Act*. The only relationship between the School Boards and the City is that the City is obligated to provide funds raised by taxes as determined by the Province.

Cypress View Foundation is completely independent of City Council and is subject to control by the Provincial Government pursuant to the provisions of the *Municipal Government Act* and the *Alberta Housing Act*. The relationship between the Cypress View Foundation and the City is obligated to provide funds raised by taxes deemed necessary by the Province.

The Schedule of Municipal Taxes levied includes operating requisitions for the Alberta School Foundation, Catholic Board of Education, Cypress View Foundation and amounts collected for the City Centre Development Agency that are not part of the municipal reporting entity.

The statements exclude trust assets that are administered for the benefit of external parties. A schedule of these trust assets is included in Note 17.

(B) BASIS OF ACCOUNTING

The consolidated financial statements are prepared using the accrual basis of accounting.

1. Revenues

The accrual basis of accounting records revenue as it is earned and measurable. Sales and user fees are accounted for in the period in which the events occurred that gave rise to the revenues. Revenue from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the intended purpose.

FOR THE YEAR ENDED DECEMBER 31, 2014

(In thousands of dollars)

Government transfers from senior levels of government are recognized in the financial statements in the period that gives rise to the transfer occurring, providing the transfers are authorized, the City has met any eligible criteria and a reasonable estimate of the amounts can be made.

2. Tax Revenues

Tax revenues are recognized once City Council passes the bylaw approving the current year's tax assessment and tax rate. Tax rate categories include: real property taxes (residential and non-residential), linear property taxes and local improvement taxes. Requisitions operating as flow through arrangements are excluded from revenue.

Taxes receivable are measured once the tax rate or the local improvement tax rate bylaw is passed. Taxes receivable are measured at their net realizable value. Net realizable value excludes individually identified taxes in arrears considered uncollectable through the tax recovery process. Taxes received in advance of the next tax year are recorded as a customer credit and liability until the bylaw is passed.

3. Expenses

Expenses are recognized as they are incurred and measurable based on receipt of goods and services and/or the creation of a legal obligation to pay with the exception of pension expenses as disclosed in Note 1(F).

(C) INVESTMENTS, LOANS AND ADVANCES

Portfolio investments are comprised of investments in qualifying instruments as defined in the City's Investment Policy #0110. Portfolio investments purchased by the City of Medicine Hat are recorded at cost. The cost of investments includes the applicable amortization of premiums and discounts using the present value amortization method. When there has been a loss in value that is other than a temporary decline, the respective investment is written down to recognize the loss.

Loans and advances result from the City providing financing to other entities that provide services which benefit the citizens of the City of Medicine Hat. These loans and advances are recorded at amortized costs using the effective interest rate.

Investments in government business enterprises are accounted for using the modified equity basis of accounting. Under this basis, the accounting principles of the government business enterprises are not adjusted to conform to the City's accounting policies and inter-organizational transactions and balances are not eliminated.

(D) INVENTORIES FOR RESALE / GAS IN STORAGE

Inventories for resale and gas in storage are valued at the lower of cost or net realizable value with cost determined by the average cost method.

(E) LAND HELD FOR RESALE

Land held for resale is recorded at the lower of cost or net realizable value. The cost of land held for resale includes costs related to land acquisition and improvements required to prepare the land for servicing such as clearing, stripping and levelling charges. Related development costs incurred to provide infrastructure such as water, sewer, gas, electric, roads, sidewalks and street lighting are recorded as tangible capital assets under their respective function. The cost of land held for resale is determined on a specific item basis.

(F) PENSION EXPENSES

The City participates in multi-employer defined benefit pension plans, wherein contributions for current and past service pension benefits are recorded as expenses in the year in which they become due. These plans are accounted for as defined contribution plans.

FOR THE YEAR ENDED DECEMBER 31, 2014

(In thousands of dollars)

(G) JOINT VENTURE ACCOUNTING

Some of the City's production activities related to oil and gas are contracted jointly with third parties. These statements reflect only the City's proportionate interest in such activities.

(H) OVER-LEVIES AND UNDER-LEVIES

Over-levies and under-levies arise from the difference between the actual levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability. Where the actual levy is less than the requisition amount, the under-levy is accrued as a receivable. Requisition tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

(I) DECOMMISSIONING OBLIGATION

The City's oil and gas production activities give rise to dismantling, decommissioning and site disturbance remediation activities. Provision is made for the estimated cost of abandonment and site restoration and capitalized in the relevant asset category. Decommissioning obligations are measured at the present value of management's best estimate of the expenditure required to settle the present obligation as at the reporting date. Subsequent to the initial measurement, the obligation is adjusted at the end of each period to reflect the passage of time and changes in the estimated future cash flows underlying the obligation. The increase in the provision due to the passage of time is recognized as accretion whereas the increase/decrease due to changes in the estimated future cash flows or changes in the discount rate are capitalized. Actual costs incurred upon settlement of the decommissioning obligations are charged against the provision to the extent the provision was established.

(J) LANDFILL CLOSURE AND POST-CLOSURE LIABILITY

Pursuant to the Alberta Environmental Protection and Enhancement Act, the City is required to fund the closure of its landfill site and provide for post-closure care of the facility. Closure and post-closure activities include the final clay cover and landscaping, as well as surface and ground water monitoring, leachate control and visual inspection. This requirement is being provided for over the estimated remaining life of the landfill site based on usage.

(K) NON-FINANCIAL ASSETS

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of goods and services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the consolidated change in net financial assets for the year.

1. Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of an asset.

Government contributions for the acquisition of capital assets are recorded as revenue in the Consolidated Statement of Operations and do not reduce the related capital assets costs.

Tangible capital assets at cost less residual value, in Municipal Services, the Electric Utility, Water Utility, Sewer Utility, Solid Waste Utility, Land, and non-resource plant, property and equipment in the Gas Utility are amortized on a straight line basis over their estimated useful lives as follows:

Engineered Structures 7 to 75 years
Buildings 15 to 50 years
Machinery & Equipment 5 to 25 years
Vehicles 7 to 20 years
Land Improvements 4 to 25 years

FOR THE YEAR ENDED DECEMBER 31, 2014

(In thousands of dollars)

Carrying costs directly attributable to the acquisition, construction, development, or betterment, excluding interest costs, are capitalized to the point in time the asset is substantially complete and ready for use. Assets under construction are not amortized until the asset is available for use.

2. Oil & Gas Exploration and Evaluation (E&E) Assets and Property, Plant and Equipment (PP&E)

The Public Sector Accounting Standards (PSAS) is silent on the treatment of resource properties; historically, the City has been reporting its oil and gas assets under the same guideline that existed under Part V of the Canadian Institute of Chartered Accountants (CICA) handbook. To better reflect the operations of the oil and gas properties and to provide more financial transparency, the City has elected to adopt the guidance provided under International Financial Reporting Standards (IFRS).

(i) Exploration and Evaluation (E&E) Assets

Costs incurred prior to acquiring the legal right to explore an area are charged directly to net income.

Costs incurred after the legal right to explore is obtained but before technical feasibility and commercial viability of the area has been established are capitalized as E&E assets. These costs generally include unproved property acquisition costs, geological and geophysical costs, sampling and appraisals, related drilling and completion costs and directly attributable internal costs.

Once an area is determined to be technically feasible and commercially viable the accumulated costs are tested for impairment. The carrying value, net of any impairment, is then reclassified to PP&E as a Developed and Producing (D&P) asset. If an area is determined not to be technically feasible and commercially viable, or the City discontinues its exploration and evaluation activity, any unrecoverable costs are charged to net income.

(ii) Property, Plant and Equipment (PP&E) Assets

Items of property, plant and equipment, which include oil and gas development and production assets, are measured at cost less accumulated depletion and depreciation and accumulated impairment losses. The cost of D&P assets includes transfers from exploration and evaluation assets, the cost to complete and tie-in the wells, facility costs, the cost of recognizing provisions for future restoration and decommissioning geological and geophysical costs, and directly attributable overheads.

D&P assets are grouped into cash generating units (CGU) for impairment testing. The City has grouped its development and production assets into the 11 CGUs. When significant parts of an item of property, plant and equipment, including oil and natural gas interests, have different useful lives, they are accounted for as separate items (major components).

Gains and losses on disposal of an item of property, plant and equipment, including oil and natural gas interests, are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized in the statement of operations.

(iii) Subsequent costs

Costs incurred subsequent to the determination of technical feasibility and commercial viability and the costs of replacing parts of property, plant and equipment are recognized as oil and natural gas interests only when they increase the future economic benefits embodied in the specific asset to which they relate. All other expenditures are recognized in earnings as incurred. Such capitalized oil and natural gas interests generally represent costs incurred in developing proved and/or probable reserves and bringing in or enhancing production from such reserves, and are accumulated on a field or geotechnical area basis. The carrying amount of any replaced or sold component is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in operating expenses as incurred.

FOR THE YEAR ENDED DECEMBER 31, 2014

(In thousands of dollars)

Depletion and Depreciation

The net carrying value of development and production assets is depleted using the unit of production method by reference to the ratio of production in the period to the related total proved and probable reserves, taking into account estimated future development costs necessary to bring those reserves into production and the estimated salvage value of the assets at the end of their useful lives. Future development costs are estimated taking into account the level of development required to produce the reserves.

Proved and probable reserves are reviewed a minimum of every three years (or sooner if there is a major acquisition or some other significant event) by independent qualified reserve evaluators and represent the estimated quantities of crude oil, natural gas and natural gas liquids which geological, geophysical and engineering data demonstrate with a specified degree of certainty to be recoverable in future years from known reservoirs and which are considered commercially producible.

(iv) Impairment

E&E Assets:

E&E assets are tested for impairment when indicators of impairment exist or when technical feasibility and commercial viability are established and the assets are reclassified to PP&E. The impairment test compares the E&E assets' carrying value to their recoverable amount plus any excess recoverable amounts on D&P assets. E&E assets that are determined not to be technically feasible and commercially viable are charged to net income.

PP&E:

The carrying amounts of the City's oil & gas related non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For the purpose of impairment testing, assets are grouped into cash generating units (CGU), the smallest group of assets that generate cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups or assets. The recoverable amount of an asset or a CGU is the greater of its value in use or its fair value less cost to sell.

Fair value less cost to sell is determined as the amount that would be obtained from the sale of a CGU in an arm's length transactions between knowledgeable and willing parties. The fair value less cost to sell of oil and gas assets is generally determined as the net present value of the estimated future cash flows expected to arise from the continued use of the CGU, including any expansion prospects, and its eventual disposal, using assumptions that an independent market participant may take into account. These cash flows are discounted by an appropriate discount rate which would be applied by such a market participant to arrive at a net present value of the CGU.

Value in use is determined as the net present value of the estimated future cash flows expected to arise from the continued use of the asset in its present form and its eventual disposal. Value in use is determined by applying assumptions specific to the City's continued use and can only take into account approved future development costs. Estimates of future cash flows used in the evaluation of impairment of assets are made using management's forecasts of commodity prices and expected production volumes. The latter takes into account assessments of field reservoir performance and includes expectations about proved and unproved volumes, which are risk-weighted utilizing geological, production, recovery and economic projections.

An impairment loss is recognized if the carrying amount of a CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of operations. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

FOR THE YEAR ENDED DECEMBER 31, 2014

(In thousands of dollars)

Reversals of impairments are recognized when events or circumstances that triggered the original impairment have changed. Impairments can only be reversed in future periods up to the carrying amount that would have been determined, net of depletion and depreciation, had no impairment losses been previously recognized. Goodwill impairments are not reversed.

3. Contribution of Tangible Capital Assets

Contributions of tangible capital assets are recorded at estimated fair market value at the date of contribution and are recorded as revenue.

4. Historical Assets

The City has works of art, museum collections, archives and various cultural and historic treasures that have aesthetic and historic value that are worth preserving perpetually. These items are not recognized in the tangible capital asset records because a reasonable estimate of the future economic benefit associated with these items cannot be made.

(L) USE OF ESTIMATES AND JUDGEMENT

The preparation of financial statements in conformity with generally accepted accounting principles for municipal governments established by the Canadian Institute of Chartered Accountants requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the period. Significant areas requiring the use of management estimates relate to the determination of employee benefit plans, allowance for doubtful accounts, provision for contingencies and prior year tangible capital asset historical costs and related amortization.

The City uses significant estimates with regards to the accounting for its oil and gas operations. Significant estimates related to those operations are outlined below.

1. Gas Utility

Amounts recorded for depletion and depreciation and amounts used for impairment calculations are based on estimates of oil and natural gas reserves and future prices and costs required to develop those reserves. The estimates of reserves include the estimates of future prices, costs, discount rates and related cash flows and are subject to measurement uncertainty. The impact of this measurement uncertainty could be material to the financial statements in future periods. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future periods affected.

Amounts recorded for decommissioning obligations and the related accretion expense requires the use of estimates with respect to the amount and timing of decommissioning expenditures. Other provisions are recognized in the period when it becomes probable that there will be a future cash outflow.

IFRS requires that the Company's oil and gas assets be aggregated into cash-generating units, based on their ability to generate largely independent cash flows, which are used to assess the assets for impairment. The determination of the Company's cash-generating units is subject to management's judgment.

Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

(M) ADOPTION OF NEW ACCOUNTING STANDARDS

There was no new accounting Standards within the Public Sector Accounting Standards (PSAS) that were required to be adopted for the year-ended December 31, 2014.

(N) FUTURE ACCOUNTING CHANGES

1. Financial Instruments, Foreign Currency Translation and Financial Statement Presentation

PSAS 3450 comes into effect for fiscal years beginning on or after April 1, 2015. This includes adoption of PS 3450, Financial Instruments, PS 2601, Foreign Currency Translation and PS 1201 Financial Statement Presentation. While early adoption is permitted, all three of the standards must be adopted in the same year. PS 3450 provides guidance on the recognition, measurement, presentation and disclosure of financial instruments including derivative instruments. PS 2601 Foreign Currency Translation includes guidance on deferral and amortization of unrealized gains and losses, hedge accounting and separation of realized and unrealized foreign exchange gains and losses. PS 1201 Financial Statement Presentation includes the addition of a new statement outlining re-measurement gains and losses. The City has not yet adopted these standards or determined the effect on the Financial Statements.

2. Portfolio Investments

PSAS 3041 comes into effect for fiscal years beginning on or after April 1, 2015. Early adoption is permitted, however this standard must be adopted at the same time as PSAS Section 2601 and PSAS Section 3450. This section is to be adopted prospectively. This section replaces the existing PSAS Section 3040 Portfolio Investments. This section is similar to PSAS Section 3040 with amendments to conform with PSAS Section 3450 referred to above. This new sections provides for the removal of the distinction between temporary and portfolio investments, with the implication that when temporary investments are not cash equivalents they are accounted for as portfolio investments. This section also provides for pooled investment funds to be included within this section. When the City adopts PSAS Section 3450, it will need to account for any interest in pooled investment funds in accordance with this section as well as Section 3450. This entails an examination of the rights associated with units within a pooled investment fund, rather than the funds underlying the investment.

The City has not yet adopted these standards or determined the effect on the Financial Statements.

3. Liability for Contaminated Sites

PSAS approved PS 3260 which comes into effect for fiscal years beginning on or after April 1, 2014. This section establishes standards for reporting a liability associated with the remediation of certain contaminated sites. The City has not yet adopted this standard or determined the effect on the Financial Statements.

NOTE 9: INVESTMENT IN SUBSIDIARY

Allied Oil & Gas Corp. (Allied) reports under International Financial Reporting Standards (IFRS).

The following table provides condensed supplementary financial information reported separately by Allied at December 31.

| | 2014 | 2013 Restated | 2012 Restated |

Net Assets are comprised of a surplus of \$12,356 and contributed surplus of \$3,224 (Net Assets for 2013 - a surplus of \$8,873 and contributed surplus of \$3,224; Net Assets for 2011 - a surplus of \$3,901 and contributed surplus of \$3,224).

The restatement in Allied in 2013 and 2012 was to adjust for an immaterial amount of \$6 to reclassify the redeemable Class A Preferred Shares from equity to other liabilities. The redeemable Class A Preferred Shares were held by the City and due to their nature should be recorded as a liability rather than equity. The effect of this change reduced Allied's equities by \$6 and increased liabilities by \$6

(In thousands of dollars)

During the year the City received \$3,000 (2013 - \$1,500; 2012 - \$1,000) from Allied as a gift as described under section 110.1 of the Income Tax Act. During the year the City, by agreement, received management fees from Allied in the amount of \$372 (2013 - \$368; 2012 - \$364). During the year the City bought solution gas from Allied in the amount of \$100 (2013 - \$57; 2012 - \$38). These transactions are measured at the exchange amount, being the amount determined and agreed upon by the parties.

Funds from Alberta Municipal Infrastructure Program, Alberta Cities Transportation Program, Municipal Sustainability Initiative, New Deals for Cities and Communities, Public Housing Grant, Major Community Facilities Program, the Affordable Housing Grant, Green Transit Incentives Program, and Alberta Environment Eco Trust Funding Grant are restricted to eligible capital projects as approved under the funding agreement. Unexpended funds related to the advances are supported by temporary investments (note 2) of \$25,847 (2013 – \$33,640; 2012 – \$42,319) held exclusively for these projects. An additional \$13,131 (2013 – \$17,969; 2012 - \$946) from Alberta Emergency Disaster Program is held for flood damage repairs.

(B) GOVERNMENT TRANSFERS

Major government transfers recognized by the City during the year were: Municipal Transportation Grant (used primarily for roadworks); Municipal Sustainability Initiative Capital Grant (used primarily for the construction of the Police Service Building, 9-1-1 Dispatch upgrade, relocation of the Fire Station and roadworks), Municipal Sustainability Initiative Operating Grant (used primarily for storm sewer and sidewalk maintenance, and support to not for profit organizations), Affordable Housing Grant, Federal Gas Tax Grant (used primarily for Maple Avenue Bridge and Connaught Subdivision Road Upgrade), GreenTRIP (used for Transit); Regional Emergency Management (used for the regional emergency collaboration program), Major Community Facilities Program (used for the Regional Event Centre and the Family Leisure Centre expansion), Building Canada Fund (used for the Family Leisure Centre expansion), and Alberta Disaster Program (used to rebuild City assets destroyed in the 2010, 2011 and 2013 floods. Application for the 2014 flood has been submitted and approved however no funds have been received yet.

| TOTAL | \$ 201,656 | \$183,428 | \$ 173,101 |

- (B) At December 31, 2014 the estimated undiscounted cash flows required to settle the decommissioning obligations with respect to the Gas Utility were \$314,349 (2013 \$292,211: 2012 \$262,990), calculated using an inflation rate of 2.26 per cent (2013 2.14 per cent; 2012 2.44 per cent) per annum. The estimated fair value of this liability was \$186,069 (2013 \$164,921; 2012 \$150,741) after discounting the estimated cash flows at a rate of 5.36 per cent (2013 6.27 per cent; 2012 5.40 per cent). At December 31, 2014, the expected timing of payment for settlement of the obligations ranges from 2 to 31 years.
- (C) The risk management is used by the Gas Utility to manage economic exposure to market risks from fluctuations relating to commodity prices. The company's policy is not to utilize these instruments for speculative purposes. The risk management liability is recorded at its estimated fair value at December 31, 2014 using quoted market prices.
- (D) The accrued liability for closure and post closure costs of the City's Landfill is recognized over the life of the cells, using the net present value of the total estimated costs of closure and post closure care, prorated on the basis of the current air space utilized (in cubic meters), over the total estimated air space of the site. The net present value of the estimated closure and post closure costs was calculated using a rate of return equal to 3.18 (2013 3.91; 2012 3.19) per cent assuming inflation of 2.26 per cent (2013 2.14; 2012 2.44).
- (E) The following summarizes the total net present value for the estimated costs of Sanitary Landfill closure and post closure care:

| | 2014 | 2013 | 2012 |
|---|----------|----------|----------|
| Estimated Closure Costs | \$ 8,935 | \$ 7,320 | \$ 7,320 |

NOTE 19: LOCAL AUTHORITIES AND SPECIAL FORCES PENSION PLANS

Employees of the City of Medicine Hat, with the exception of Police Officers, participate in the Local Authorities Pension Plan (LAPP), which is one of the plans covered by the *Public Sector Pension Plans Act.* In 2013, LAPP served about 230,534 people and 418 employers (2012 – 223,643 and 428). The Police Officers are members of the Special Forces Pension Plan (SFPP) and in 2013 served about 6,712 members and 7 employers (2012 – 6,584 and 7). The Plans are financed by employer and employee contributions and investment earnings of the LAPP and SFPP Fund.

During 2014, the City of Medicine Hat was required to make current service contributions to the Local Authorities Pension Plan of 11.39 per cent of pensionable earnings up to the Canada Pension Plan Year's Maximum Pensionable Earnings and 15.84 per cent for the excess. With regard to the Special Forces Pension Plan, the City of Medicine Hat was required to make service contributions of 14.55 per cent.

Total current service contributions by the City of Medicine Hat to LAPP and SFPP in 2014 were \$11,313 (2013 – \$9,983; 2012 – \$9,347). Total current service contributions by the employees for 2014 were \$10,451 (2013 – \$9,159; 2012 – \$8,543).

At December 31, 2013 LAPP disclosed an actuarial deficit of \$4.86 billion.

At December 31, 2013 SFPP disclosed an actuarial deficit of \$220.5 million.

NOTE 20: EMPLOYEE BENEFIT OBLIGATIONS

The City has a defined benefit life insurance plan covering substantially all of its employees. The plan is unfunded. In 2015, an actuarial accounting valuation for the plan was performed for the year ended December 31, 2014 with a projection for 2015. Information about the plan is as follows:

| | 2014 | 2013 | 2012 |

NOTE 24: CONTINGENT LIABILITIES

Various claims have been made against the City as at December 31, 2014. If proven, it is possible that these claims may have a materially adverse effect on the financial position of the City. The City is disputing the claims and as the outcome is not determinable at this time, no amount has been accrued in the financial statements.

The City has not recognized a liability for certain legal obligations, primarily environmental and other liabilities related to facilities, equipment and land. The liabilities are not recognized as the dates of the remediation are unknown and as such the fair value of these liabilities cannot be reasonably determined.

NOTE 25: FINANCIAL INSTRUMENTS

The City, as part of its operations, carries a number of financial instruments. It is management's opinion that the City is not exposed to significant interest, currency or credit risk arising from these financial instruments, except as otherwise disclosed. Unless otherwise noted, the fair value of these financial instruments approximates their carrying values.

NOTE 26: COMPARATIVE INFORMATION

Certain comparative information has been reclassified to conform with the financial statement presentation adopted in the current year.

NOTE 27: SEGMENT DISCLOSURES

Segment disclosures (Schedule 4) are intended to enable users to better understand the government reporting entity and the major expense and revenue activities of the City. For each reported segment, revenues and expenses represent both amounts directly attributable to the segment and amounts that are allocated on a reasonable basis.

The segments have been selected based on a presentation similar to that adopted for the municipal financial planning and budget processes. Segments include:

- a) Tax supported programs consist of those that are directly supported by property taxes, including the tax allocation proved directly to other operations as follows:
 - Legislative is comprised of City Clerk, Mayoral and Aldermanic services.
 - General Government is comprised of corporate administration, Legal, Business Support, Corporate Communications and Human Resources.

FOR THE YEAR ENDED DECEMBER 31, 2014

(In thousands of dollars)

- Corporate Services is comprised of Finance, Information and Computer Services and Corporate Asset Management (Building Services and Fleet Services) and general municipal services.
- Development & Infrastructure is comprised of Planning, Building and Development and Municipal Works (municipal operations and airport).
- Public Services is comprised of Fire Services, Community Development (social development, senior services, transit and 9-1-1 Communications), Cultural Development (cultural administration, art gallery, Esplanade theatre, archives and cultural history) and Parks & Recreation (facilities maintenance and management, arboriculture, horticulture, campground and cemetery, and indoor recreation and leisure).
- Police Service comprised of all police services and bylaw enforcement.
- b) Gas Utility produces, sells to market and distributes natural gas to customers within its franchise boundary in a safe and reliable manner. The Gas Utility is operated on a self-sustaining basis.
- c) Electric Utility produces and provides safe, reliable, cost effective electric energy to the customers of Medicine Hat and surrounding area and provides other related services within the city corporate structure. The Electric Utility is operated on a self-sustaining basis.
- d) Energy Sustainability provides corporate and community focus on energy conservation and renewable energy education, incentives and leadership through a variety of initiatives.
- e) Water Utility treats and distributes potable water to City of Medicine Hat water customers. The Water department ensures all treated water meets the rigid safety, quality, monitoring, recording and reporting parameters of Federal, Provincial, water industry and local standards. The Water Utility is operated on a self-sustaining basis.
- f) Sewer Utility collects and treats sanitary wastewater from City of Medicine Hat sewer customers. The Sewer department ensures all treated waste water meets the rigid safety, environmental, monitoring, recording and reporting parameters of Federal, Provincial, waste water industry and local standards. The Sewer Utility is operated on a self-sustaining basis.
- g) Solid Waste Utility delivers customer-focused services consisting of collection, processing and disposal of residential and non-residential waste and recyclables, as well as community relation services in support of waste management programs. The Solid Waste Utility is operated on a selfsustaining basis.
- h) Land and Properties is comprised of land development and municipal use property activities. Land development includes the City's role as a land developer in the areas of acquisition, development and land sales activities. Municipal use property involves the acquisition of land for municipal purposes and disposal of land deemed surplus to municipal needs. The Land Enterprise is operated on a self-sustaining basis.

The segmented reports display revenue and expenses sorted by object code. The City's object codes are defined as follows:

A) REVENUE

- **Municipal taxes** include all annual municipal property taxes and excludes all special assessments and requisitions.
- Sale of services includes all third party revenues generated through the normal course of business, including revenues generated by, but not limited to facility usage, parking, natural gas, electric, water, sewer and solid waste revenues and sale of land.
- **Investment income** includes all investment revenue received on account of short term and long term deposits and investments.
- Investment in subsidiary represents the net income from subsidiary operations.

FOR THE YEAR ENDED DECEMBER 31, 2014

(In thousands of dollars)

- **Licenses, fines and penalties** includes all revenue received for business licenses, development permits, photo radar tickets, speeding tickets and penalties charged on overdue accounts.
- Insurance recovery includes monies received on account of City insurance claims.
- Development levies are charges to developers to help cover the cost of city services provided to their development.
- Charitable gifts refer to a gift from the City's wholly owned subsidiary as described under section 110.1 of the Income Tax Act.
- **Government transfers for operating** include provincial and/or federal transfers provided to the City to fund operating activities.
- Other includes any minor sources of revenue not appropriately categorized above.
- Internal recoveries include recoveries for services provided by one City department to another.
- Transfers from Utilities and Land include contributions from Utilities and Land and Properties
 to tax supported operations.

B) EXPENSES

- Salaries wages and benefits include all salaries, wages (including overtime, statutory holidays, shift differential, relief time), employee benefit charges, clothing and cleaning allowance, car allowance, training, travel and memberships and dues.
- **Contracted and general services** include all contracts and other costs relating to services provided by third parties.
- Materials, supplies and utilities include items purchased from a third party or issued from stores and natural gas, electric, water, sewer and solid waste costs.
- **Provisions for allowances** include provisions made for anticipated uncollectible accounts receivable.
- Bank charges and short term interest include regular bank charges on the City's bank accounts, automated teller machines at various facility sites and interest charges on our line of credit.
- Interest on long term debt includes interest charge on the principle portion of loans.
- **Total grants and other transfers** include grants from the City to other organizations or individuals as well as transfers on behalf of other organizations.
- Other operating expenses include any minor operating expenses not appropriately categorized above.
- Amortization of tangible capital assets is a way of representing, for accounting purposes, how
 capital assets decline in value over time because of wear and obsolescence. Hard assets such
 as roads and machinery depreciate over time, and must eventually be replaced. Depreciation
 shows the cost of the "use of the asset" each year over the life of the asset.
- **Impairment** Is the expense recorded to reduce the value of assets when the assets are worth less on the market than the value listed on the company's balance sheet. A test is completed each year to compare the carrying amount of the asset to the market value. If the carrying amount is higher than the market value then the asset is considered impaired and must be written down to its fair value.

FOR THE YEAR ENDED DECEMBER 31, 2014

(In thousands of dollars)

- Loss (gain) on disposal of tangible capital assets reflects the difference between the net proceeds on disposal of a tangible capital asset and the net carrying amount of that asset. If the net carrying amount is higher than the net proceeds on disposal, there is a loss on disposal. If the net carrying amount is lower than the net proceeds on disposal, there is a gain on disposal.
- **Internal charges and transfers** include costs of services provided by one department to another, as well as transfers between City departments.

OUR VISION

City Council's vision for Medicine Hat is a vibrant city with residents, businesses and visitors seeking to make Medicine Hat their "community of choice."

OUR MISSION

While balancing accessibility and affordability, to exceed expectations in the value of our services. The City of Medicine Hat is committed to a mission of striving to exceed the expectations of our residents, businesses and visitors.

- Within a "2 X 14" response time
- Relative to our approved service standards
- With a "win-win" approach
- No surprises: when service levels change or on publicly sensitive items.

OUR VALUES

We are committed to the following core values, which we believe enable us to achieve our vision:

- Innovation, creativity and diversity
- Openness, debate and participation
- Performance results
- Being proactive
- Balanced and responsible development
